

Westmead Hospital in Sydney, Australia is currently advertising for a full time specialist physician to join the adult genetic metabolic disorders clinic. Our clinic cares for the full spectrum of genetic metabolic disorders, and comprises a multi-disciplinary team within the Department of Genetic Medicine. We maintain close links to the Children's Hospital at Westmead metabolic team and are the transition centre for their patients as they cross into adulthood.

Please contact Dr Michel Tchan (michel.tchan@health.nsw.gov.au) for further information. Applications close 24th November
