**Wednesday, June 5, 2024**

4:00 PM–5:00 PM PT | 5:00 PM–6:00 PM MT

6:00 PM–7:00 PM CT | 7:00 PM–8:00 PM ET

## Objectives

- Explore key considerations and challenges for patients with cystinosis, caretakers, and clinicians during the transition process from pediatric to adult care
- Discuss approaches to optimizing the transition process for patients with cystinosis through review of best practices
- Highlight resources available to support pediatric and adult clinicians while transitioning care
- Offer a forum for clinicians to discuss their own experiences with and strategies for transitioning care with their peers
