# WORKING TOGETHER FOR A SAFE EVENT

## **The Society for Inherited Metabolic Disorders 2022 Event**

### **SIMD 2022 Event Safety Protocols**

#### **Vaccine Verification Required**

With SIMD's dedication to protect the public's health, safety, and welfare, we have partnered with Ailm Medical to provide a convenient, digital vaccination verification system for our members attending SIMD 2022.

All staff and attendees must be fully and verifiably vaccinated to be granted entry to the event. Per CDC guidelines, to be considered fully vaccinated, you must be 14 days post your last vaccination dose. Individuals with invalid vaccination verification credentials will not be permitted into the event.

Follow-up communications will be provided with step-by-step instructions and resources to complete the verification process.
